Collection

Sophia Mae

This collection is for the everyday woman on the go, who mixes business with pleasure, likes to make a statement wherever she goes with classy looks during the day that become fun and flirty by night. This collection consists of mix and match pieces and cocktail inspired dresses that shows off the best features of a woman's body with revealing backs to pieces that accentuate women's curves. Inspired by bright bold colors, sexy yet classic silhouettes, and the idea that being fashionable should also be comfortable and can go from day to night simply by changing the look with accessories.
